Rental cars

At all international airports in Germany, cars of every category can be rented via the car rental companies established in Europe (e.g. Sixt, europcar, Avis, Hertz, Buchbinder). Others

Weather

Usually in June pleasant temperatures between 20°C and 28°C are to be expected during the day. In the evening temperatures rarely fall below 10°C. Due to the location in Central Europe, sunshine durations of approx. 16 hours are to be expected. With an average probability of 30%, rain in June cannot be ruled out.

Side Program

Parallel to the WCSA General Assembly a guided tour through the city of Ennigerloh is planned. This will take place in English. More details (schedule, costs) will be communicated until the event. A short-term registration and participation will be possible.

Banquet

A banquet is planned for Saturday evening. Exact details will be determined and communicated afterwards. The banquet fee is not included in the entry fee and will still be determined. Participation is voluntary.

Safety and doping controls

This competition is a low budget event. Therefore no doping control is possible for the World Championship. Nevertheless, we expect all sportsmen and sportswomen to treat each other in a fair and sporting manner. Violations of the sports regulations of the WCSA, the rules of conduct for crossbow shooters or the local safety regulations will be punished with appropriate sanctions up to the exclusion from further competitions.

We wish all participants a good journey, a successful and fair competition and nice days in Ennigerloh.
